Dear Valued Employee:

DCCM recognizes that our employees are the most valuable asset a company can have. We are committed to your wellbeing and realize that each person's needs are unique. Our objective is to provide a benefits package that is comprehensive, affordable, diverse, mindful of our unique corporate culture, and sensitive to our business needs. In consideration of this, we strive to offer a variety of benefits with highly rated carriers and vendors designed to offer you opportunities to mitigate your risks and provide peace of mind to you and your family.

To fulfill these objectives, we are committed to:

- **Continuously evaluating how we choose our healthcare coverage**, how we are using healthcare services and how we can help our employees manage their personal health decisions.
- **Providing affordable opportunities** for our employees to mitigate their financial risks.
- **Communicating with and educating** you about the benefits and resources available to you.

As benefits represent an important component of your total compensation package, we are pleased to provide you with the 2025-2026 benefit offerings included in this guide. Please review this enrollment guide for a summary of the benefits that are available to you and your family for enrollment along with tips and resources that will help you maximize the value of the coverage you elect. This guide will summarize who is eligible to enroll, when you are eligible to enroll, what coverage options are available to you and the cost of coverage. It will also provide you contact information in case you have detailed questions or need more information.

Best Regards,
HR Manager
DCCM

ELIGIBILITY

Eligibility for you and your dependents

You are eligible to participate in the group benefit plans if you are an active full-time employee and scheduled to work 30 or more hours per week. Employees are eligible to enroll for benefits on the first of the month following your date of hire. Eligible Employees can enroll eligible dependents in medical, dental, vision, dependent life insurance plans and voluntary benefits.

Eligible dependents include:

- Your legal spouse/domestic partner (or common-law spouse)
- Your natural children, legally adopted children, step children and children for whom you assume legal guardianship up to age 26
- Children age 26 or older incapable of self-support due to a mental or physical condition incurred prior to age 26. You may be required to complete a Handicapped/Disabled Certification form prior to the child attaining age 26

Verification of dependent eligibility will be required upon enrollment.

Qualifying Life Events

The choices you make during your New Hire period or Annual Open Enrollment period are irrevocable until either the next Annual Open Enrollment period or unless you experience a qualifying life event. Qualifying life events include changes to your legal marital status, giving birth or adopting a child, a change in you or your spouse's employment status or your entitlement to Medicare.

If you anticipate any of these changes, please see Human Resources in advance of the event to verify your right to change plan coverage(s). You must elect your change in benefits within 30 days of the qualified life event. **If you do not notify Human Resources within 30 days of a qualifying event, you will have to wait until the next annual open enrollment period to make benefit changes unless you have another qualifying event.**

Q&A

Can you explain the meaning of some of the key terms in this guide?

- **Deductible:** a set dollar amount that a person must pay before insurance coverage for medical expenses can begin. They are usually charged on an annual basis.
- **Coinsurance:** the money that an individual is required to pay for services after the deductible has been met. It is often a specified percentage of the charges.
- **Copayment (aka Copay):** an arrangement where an individual pays a specified amount for various health care services and the health plan or insurance company pays the remainder. The individual must usually pay his/her share when services are rendered. Copayments are usually a set dollar amount.
- **Out-of-pocket Maximum:** the total amount paid each year by the member for the deductible, coinsurance, copayments and other covered health care expenses, excluding the premium. After reaching the out-of-pocket maximum, the plan pays 100% of the allowable charges for covered services the rest of that year.

How much life insurance do I need?

Many people decide based on an income replacement calculation, between 5 and 10 times the amount of your current income. Think about your personal circumstances: Is yours the sole income in your household? Are there other expenses, such as college tuition, that may arise in the future? Don't forget to include potential medical and funeral costs. Above everything, you want to be sure your family does not get stuck with bills, debts or expenses that they cannot afford. Depending on your needs, you may want to consider buying supplementary coverage beyond what offers.

How much should I contribute to my FSA? Review your out-of-pocket medical expenses and/or dependent daycare expenses from last year.

Can the FSA pay for my health insurance premiums? No.

Why might I want Hospital Indemnity/Accident/Critical Illness coverage if I am enrolled in a major medical plan? These plans are not intended to replace major medical coverage. These plans complement medical plans by eliminating the concern of having to pay for a high deductible or other out-of-pocket expenses in the event of applicable catastrophic events. These plans can serve as an affordable way to fill in a gap in coverage and help reduce your financial risks.

Your Medical Coverage

DCCM offers three medical plan options through Blue Cross Blue Shield of Texas (BCBSTX) for your healthcare benefits. BCBSTX has contracted with a network of providers, including physicians, hospitals, and other types of providers. In order to receive the highest level of benefits and pay the least amount out of your pocket, you need to access care from the providers who have elected to be a part of the network.

- In-network hospitals, physicians, and other healthcare providers have a contract with BCBSTX for furnishing healthcare services at a reduced price.
- Out-of-network providers do not contract with BCBSTX. If you use out-of-network providers, you may be responsible for filing your own claims and paying the difference between the provider's charge and the allowed amount. The allowed amount may be based on the negotiated rate payable to in-network providers in the same area or the average charge for care in the area.

To maximize your benefits, always use in-network providers for services covered by your health benefit plan. Your provider network is Blue Choice PPO

To locate a network provider, visit www.bcbstx.com/find-a-doctor-or-hospital and select either Member Login or Search as a Guest, type in your zip code and then under the Plan Drop down list, select Blue Choice PPO [BCA].

**You will receive

This page is a summary only. For a complete list of benefit restrictions, limitations and exclusions, please refer to your Certificate of Coverage.

Prescription Medication Coverage

Our medical coverage through BCBSTX includes a Prescription Drug Program. The cost of each prescription is determined by the tier it falls under. The three tiers are Generic, Preferred Drugs, and Non-Preferred drugs. You can find in-network pharmacies and a list of covered prescriptions at www.myprime.com. When looking up prescriptions on the Drug List be sure to access the Performance Drug List, then search as a guest.

Generic Drugs

To get more out of your health care plan, choose Generic drugs when possible. Generic drugs are the chemical equivalent of their more expensive brand name drug counterparts. Even if your doctor prescribes you a brand name drug, you can always ask for the Generic equivalent.

Preferred Drugs

Preferred brand drugs are prescriptions that your pharmacy benefit plan has selected as the most effective and cost efficient to treat certain conditions or illnesses. These brand name drugs are often more expensive than their generic counterpart.

Non-Preferred Drugs

Non-preferred brand drugs treat conditions or illnesses that can also be treated by a preferred brand or generic prescription. These drugs typically have a higher copayment.

Prescription Drug Tier Pricing

Feel Like Yourself Again

Behavioral health is a key component to overall good health. Your Blue Cross and Blue Shield of Texas benefit includes virtual behavioral health care visits with MDLIVE® board-certified doctors and licensed therapists.

Virtual Visits connect you with an independently contracted, board-certified doctor or therapist by secure online video. There's no travel and no waiting room—just a convenient, affordable and confidential consultation in the comfort of your own home, office or on-the-go. Services are available in both English and Spanish with translation services available for other languages.

Virtual Visits can help you with:

- Depression
- Eating disorders
- Grief and loss
- Men's issues
- Panic disorders
- Parenting issues
- Relationship and marriage issues
- Stress
- Substance use disorders
- Trauma and PTSD
- Women's issues
- And more!

Scan this QR code to activate your Virtual Visits account, or call 888-680-8646.

Download the MDLIVE app to get appointment reminders, secure messaging and important notifications.

First, call your doctor's office; they may also offer telehealth consultations by phone or online video. If you have any questions about this or any other benefit, please call the number on the back of your ID card.

Internet/WiFi connection is needed for computer access. Data charges may apply when using your tablet or smartphone. Check your phone carrier's plan for details.

Virtual Visits may be limited by plan. For providers licensed in New Mexico and the District of Columbia, Urgent Care service is limited to interactive online video; Behavioral Health service requires video for the initial visit but may use video or audio for follow-up visits, based on the provider's clinical judgment. Behavioral Health is not available on all plans.

MDLIVE is a separate company that operates and administers Virtual Visits for Blue Cross and Blue Shield of Texas. MDLIVE is solely responsible for its operations and for those of its contracted providers. MDLIVE and the MDLIVE logo are registered trademarks of MDLIVE, Inc., and may not be used without permission.

Well onTarget is an informational resource provided to members and is not a substitute for the independent medical judgment of a health care provider. Members are instructed to consult with their health care provider before beginning their journey toward wellness.

The Fitness Program is provided by Tivity Health®, an independent contractor that administers the Prime Network of fitness centers. The Prime Network is made up of independently owned and operated fitness centers.

AlwaysOn is owned and operated by Onlife Health Inc. Onlife Health Inc. is an independent company that provides digital health management for Blue Cross and Blue Shield of Texas.

MAKING THE MOST OF YOUR BENEFITS

Staying In-Network

BCBSTX has contracted with a network of providers, including physicians, hospitals and other types of providers. In order to receive the highest level of benefits and pay the least amount out-of-pocket, you need to access care from the providers who have elected to be part of the network. This plan does allow you to seek care from a provider who is not in the network. Just remember that if you make this choice, you will be required to pay a larger portion of the expenses out of your pocket, and the expenses may be subject to the Reasonable and Customary charging pattern for the area. This could also result in a greater out-of-pocket expense for you. We want you to get the most from your healthcare plan.

How to find an in-network provider:

- Your provider network is: Blue Choice PPO
- To locate a network provider, visit www.bcbstx.com/find-a-doctor-or-hospital and select either Member Login or Search as a Guest, type in your zip code and then under the Plan Drop down list, select Blue Choice PPO [BCA]
- Call: 1-800-521-2227 or visit www.bcbstx.com/member

HEALTH SAVINGS ACCOUNT

Marsh McLennan Agency

A Health Savings Account (HSA) allows you to set aside money on a pretax basis to pay for qualified expenses, such as doctor visits, prescriptions, braces, or even Lasik eye surgery, with tax-free dollars.

There is no use it or lose it rule with HSAs. Any remaining balance at the end of the year will roll over into the next plan year. HSAs are also portable. This means that if you were to change jobs or health plans, the money in your account stays with you.

One of the best parts of the HSA is its triple-tax advantage: tax-free deductions when you contribute to your account, tax-free investment earnings, and tax-free withdrawals for qualified medical expenses. You earn tax-free interest on the money in your HSA account. You may also have the option to invest the money in your HSA.

You will receive a card linked to your account to pay for qualified expenses. You may be penalized or taxed if you use your HSA funds to pay for ineligible expenses. A full list of qualified expenses can be found on the IRS website at www.irs.gov (section 213(d)).

Eligibility

- You are enrolled in the High Deductible Health Plan (HDHP); and,
- Are not covered under another medical plan such as Medicare, Tricare or a spouse's medical plan (not an HDHP) which provides similar coverage; and,
- Cannot be claimed as a dependent on another person's insurance policy or tax return.

FLEXIBLE SPENDING ACCOUNT

Marsh & McLennan Agency

Effective 1/1/2026 - 12/31/2026

A Flexible Spending Account, or FSA, is an account set-up by your employer that allows you to pay for medical and dependent care expenses on a pre-tax basis. Pre-tax means before federal, state, and social security taxes are deducted from your paycheck. Refer to the IRS website for a full list of qualified and unqualified expenses. Our FSA Administrator is Marsh & McLennan Agency.

DEPENDENT CARE FSA
(SINGLE/MARRIED FILING SEPARATE)

\$3,300

LIMITED PURPOSE FSA

Contribution Limits will be based on the 2026 limits once the 2026 limits are released by the IRS.

There are 3 types of FSA's:

General Purpose Health Care FSA

- Access to entire amount of money you set aside for the plan year on the first day of the plan
- Forfeit any money remaining in the account at the end of the plan year. The plan allows a 2 1/2 month grace period at the end of the plan year to use up the remaining balance. At the end of the grace period all funds will be forfeited.
- You will receive a debit card that can be used at your doctor's office or pharmacy for qualified expenses.

Dependent Care FSA

- Use pre-tax income for dependent care for children up to age 13 who are being cared for while you or your spouse are working or seeking employment
- Eligible dependents could also include a spouse or other IRS dependent who is mentally or physically disabled.
- Qualified expenses include daycare and at-home care services. Ineligible expenses include tuition for kindergarten or private schools, sports camps, or overnight camps.

Limited Purpose FSA

- Works like a healthcare FSA, but is limited to reimbursement of dental and vision expenses only
- Pairs well with an HSA, and only available if you are enrolled in the Medical HDHP plan

YOUR LIFE. YOUR WORK.

LIFE INSURANCE | DISABILITY

LIFE AND AD&D

BCBSTX

When the unthinkable happens, you want to know your family is covered. DCCM provides full-time employees with life and accidental death and dismemberment (AD&D) insurance through BCBSTX, and pays the full cost of this benefit. You also have the option to purchase supplemental life insurance through BCBSTX.

Your Life Insurance benefits reduce by:

- 35% at age 65
- Another 15% at age 70

Employer Paid Basic Life Insurance

Life insurance provides you with the peace of mind knowing that if you are no longer able to financially provide for your family due to death that they will receive some financial benefit.

Employer Paid Accidental Death & Dismemberment

If you pass away as the direct result of an accident, your beneficiary will receive both the life and AD&D portion of the benefit. If you suffer a covered accidental injury such as loss of speech and hearing, quadriplegia, paraplegia, loss of limb, or thumb and index finger, you would be the beneficiary of a benefit (based on the type of loss).

Life and AD&D Summary of Benefits

Employee Benefit	1x annual earnings up to \$300,000
Basic AD&D Benefit	1x annual earnings up to \$300,000
Living Benefit (Accelerated Death Benefit)	Up to 75% of the employee's benefit amount

Beneficiary Designation

You **MUST** designate a beneficiary for your Life and AD&D insurance when you become eligible for coverage or upon enrollment. Your “beneficiary” is the person (or people, estate, trust, etc.) who will receive your life insurance benefits if you die.

You must elect a primary beneficiary (the first to receive benefits) and you may also elect a secondary beneficiary (if no surviving primary beneficiaries).

Texas is a community property state and if you designate someone other than your spouse as a beneficiary, your spouse must consent to such designation.

If you do not name a beneficiary, or if there are no surviving beneficiaries, in the event of your death, benefits will be paid to your estate.

Beneficiaries can be changed at anytime through Employee Navigator.

VOLUNTARY LIFE & AD&D

BCBSTX

Voluntary life and accidental death and dismemberment (AD&D) insurance is available to supplement your employer paid life benefit. You can elect increments of \$10,000 up to a max of \$500,000. There is a guaranteed issue amount of \$150,000 if you are a new enrollee or if this is a special enrollment period.

What does “Guaranteed Issue” mean? Guaranteed issue is a term used in health insurance to describe a situation where a policy is offered to any eligible applicant without regard to health status.

DISABILITY

Employer Paid Short Term & Long Term Disability

Accidents and illnesses happen every day. How long would your money last if your paycheck suddenly stopped? Thankfully, there is insurance that pays you an income if you become temporarily or permanently disabled.

DCCM provides full-time employees with short term and long term disability income benefits, and pays the full cost of this coverage.

Employer-Paid Short Term Disability

Your Short Term Disability (STD) plan will replace 60% of your weekly income to a maximum of \$1,500, in the event that you become disabled due to a non-work-related illness or accident. Coverage begins after you complete a 7 day waiting period and will last until the earlier of 90 days or you are no longer disabled.

Employer-Paid Long Term Disability

Long Term Disability (LTD) will replace 60% of your monthly income to a maximum of \$7,500, in the event that your disability continues beyond 90 days.

Disability Summary of Benefits	Short Term Disability	Long Term Disability
Elimination Period	7 days	90 days
Duration of Benefit	12 weeks	Up to Social Security Normal Retirement Age (SSNRA)
Percentage of Income Replacement	60% of weekly earnings	60% of monthly earnings
Maximum Benefit	\$1,500 weekly	\$10,000 monthly
Pre-Existing Conditions	None	3/12 A Pre-Existing Condition is a Sickness or Injury for which you have received treatment within 3 months prior to your effective date. Any disability contributed to or caused by a Pre-Existing Condition within the first 12 months of your effective date will not be covered.

What does “elimination period” mean? The elimination period is a period of time an employee must be disabled before benefits are paid.

What are “pre-existing conditions”? A pre-existing condition is one that you have previously received consultation, medical treatment, care or medicine for.

ADDITIONAL BENEFITS

CRITICAL ILLNESS | ACCIDENT | HOSPITAL INDEMNITY

CRITICAL ILLNESS

BCBSTX

Critical illness can affect any one at any time.

Critical Illness insurance pays a benefit upon the diagnosis and/or treatment of a named critical illness or certain category of major surgery. Plan options let you choose the amount of coverage you need.

The reasoning behind a critical illness policy is that someone with employer provided health care coverage and disability coverage could still incur a large amount of costs in copayment, deductibles, coinsurance, and non-covered items in the event of a critical illness.

Critical illness policies help to pay these expenses, and assist someone during their recovery by paying the insured a cash benefit. Depending on your carrier, you can choose \$10,000-\$40,000 of coverage. This money would be paid to you in cash for you to use as you see fit.

What is considered a “critical illness”?

Critical illness insurance provides coverage if you experience one or more of the following medical emergencies:

- Heart attack
- Stroke
- Organ transplants
- Cancer
- Coronary bypass

Critical Illness Summary of Benefits

	Coverage Amount	Guaranteed Issue
Employee	Increments of \$10,000 up to \$40,000	\$40,000

ACCIDENT INSURANCE

BCBSTX

Accidents happen. Accident Insurance can help.

Accident coverage is one of the more common benefits people choose to elect. Any guesses why? It's because accidents are a leading cause of injury for people under age 40, and because they occur more randomly than sickness. Accident insurance pays you with cash benefits for expenses that may not be fully covered by your comprehensive health insurance, including:

- Treatment for an injury
- Ambulance cost for transportation to a hospital
- X-ray or lab exams
- Hospital confinement

HOSPITAL INDEMNITY

BCBSTX

Hospitalization is unplanned.

Even with your employer's medical insurance, the cost of a hospital stay can be overwhelming. According to HealthCare.gov, the average price for a three-day hospital stay is \$30,000.

Voluntary hospital indemnity coverage pays a fixed, pre-determined dollar amount for each day the insured is confined to a hospital for either sickness or injury. The plan pays benefits without regard to actual medical expenses and do not decrease if benefits are paid by other coverage. It can also cover unforeseen expenses such as travel, child care during hospital visits, and home maintenance expenses.

Anyone who is concerned about the cost of hospitalization or the potential impact on personal finances would be a good candidate for this type of policy.
